Sub: New initiative of this Directorate for providing Comprehensive Coaching to the Students reg.....

Sir/Madam,

The Government of Goa continuously strives for expansion of access and qualitative improvement in the field of Education Sector in the State.

swad
The competition presently is getting tougher day by day and the doorway into the best of the academic institutes is just not straight forward. It requires a lot of hard work, dedication and most importantly, consistent efforts & proper guidance or coaching. The State Public Service Commission/UPSC/Staff Selection Commission/Public Sector banks conducts various competitive examinations for recruitment in their Services. Unfortunately, number of Graduates/Post Graduates from Goa State who appear in these examinations is very low. Those who make an attempt also do not get required support in terms of Infrastructure, study material, coaching etc. as a result, hardly any candidate is able to get through these examinations with good marks. So also, the students from Goa do not excel in various competitive examinations for securing admission for Higher Educational Professional Courses and lag way behind as compared to the students from other States in India.

Contd 2....

In order to change the current scenario and to provide a strong platform to the desiring talent in the State of Goa to secure admission in Higher Educational/professional Institutes and to achieve success in the competitive examinations for securing jobs, this Directorate has taken new initiative of engaging the services of Institutes to provide Comprehensive Coaching to the Students/individuals.

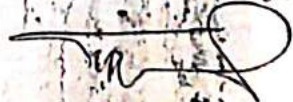

The following Coaching Institute is selected for imparting Comprehensive Coaching to the Students/Individual as detailed below:

COACHING INSTITUTE	Category
IMS Learning Resources Pvt. Ltd., Mumbai	Category 'A' Competitive Examination (Aptitude & Professional for jobs related to Government & PSU recruitments UPSC/PSC's/Banking/Insurance, etc.)
	Category 'B' Pure Admission to Under Graduate or Post Graduate Courses in Professional Courses in Institutions of national importance and equivalent at XIIth or after graduation.

The main objective of providing such coaching classes is to drastically increase the number of candidates from the State to clear National and State level competitive examinations for securing admission in Higher Educational/professional Institutes and securing jobs.

As such, you are kindly requested to bring this initiative to the notice of students studying in various Institutes/Colleges which are under your control so that maximum number of students' avail of this opportunity and are benefited. Brief details of this initiative are enclosed herewith for information.

Yours faithfully,

(Dr. Gervasio Mendes)
Addl. Director of Higher Education
